Attention: toute modification apportée au produit annule la certification.

Leovince is a registered trademark of Leovince. The Leovince exhaust system has been granted by an EEC approval. It is manufactured in accordance with European directives and is marked with the appropriate homologation number which is stamped into the product. Customers who purchase an e-marked Leovince product and fit it to their own machine have the following rights: (1) The machine can be used freely on the road, not only in their own national territory, but throughout the EC. In particular, if they are subject to an inspection by the national government department, and they show the homologation certificate which is enclosed, this will be sufficient to prove the suitability of the exhaust for the vehicle to which it is fitted. (2) The rider has the right to fit this exhaust with no modification to the registration document of the vehicle. In Italy, the law authorises fitting of a type-approved after-market exhaust without any need to endorse the registration document with the part number of the homologated Leovince exhaust.

Warning: Tampering or modification to the device will invalidate the certification

This e-marked Leovince exhaust system has been granted by an EEC approval.
